

# REIMEI 2014

## 14TH REIMEI WORKSHOP ON SPIN CURRENTS AND RELATED PHENOMENA

Institut Laue Langevin, Grenoble, France  
9 - 13 February 2014

### International Advisory Committee:

#### Co-chairmen:

Prof. Gerrit Bauer, Tohoku University Japan  
and TU Delft, Netherlands  
Dr. Michiyasu Mori, ASRC, JAEA, Japan  
Dr. Timothy Ziman, ILL and CNRS

#### Director of ASRC and REIMEI program:

Prof. Sadamichi Maekawa, ASRC, JAEA,  
Japan

#### Local Committee:

Dr. Claire Baraduc, Spintec, CEA Grenoble  
Dr. Xavier Waintal, INAC, CEA Grenoble  
Dr. Timothy Ziman, ILL and CNRS

#### Team Assistants:

Laurence Tellier, ILL  
Mika Terada, IMR, Tohoku University

### Important dates :

Abstract submission deadline: 15/12/2013

Deadline for final registration: 15/01/2014

**R**

The fourteenth REIMEI International Workshop on "Spin Current and Related Phenomena" will be held at the ILL, Grenoble, France, on February 10-13, 2014.

**I**

"REIMEI" means "Dawn" in Japanese, and it is the name of a collaborative research program run by the Advanced Science Research Center of the JAEA.

**O**

In this workshop, specialists in spintronics, as well as in a few related fields of magnetism, such as actinide physics and neutron scattering, will get together and discuss recent results and future collaborations.

**C**

In the evening of February 9 (Sunday), an informal dinner will be arranged by the ILL. In addition to the formal program from February 10-12, Thursday, February 13, is devoted to free discussions during a day.
